CONGRATULATIONS FROM OUR FACULTY & STAFF

The Department of Geography warmly congratulates you on your graduation from the University of Washington! We know what a proud moment this is for you, and we are delighted to celebrate with you. We wish it were possible for the department's faculty and staff to congratulate you and your friends and families in person this year. This printed program and all aspects of our 2021 virtual event allow us to recognize your accomplishments and celebrate your membership in a community of lifelong learners and educators.

In the university's official commencement ceremonies on June 12, over 150 students will graduate with Bachelor's degrees, Master's degrees, and Doctoral degrees in Geography. We believe that geography majors stand out for their curiosity, their eclecticism, and their desire to analyze real world issues. Geographers are engaged in their communities and are committed to making a positive difference in society. We greatly value your achievement and your continuing support over the years ahead.

We hope that as you join new communities in your personal and professional life, you will remain a part of ours. Please keep us updated on your post-graduate experiences, and consider joining the University of Washington Alumni Association. We hope most of all that you remain committed to the view that geographers have a vital contribution to make to our common purpose as citizens of the world.
